

PIONEER STAKE FULLY ORGANIZED.

Officers Appointed to Preside Over
The Different Auxiliary
Organizations.

AT MEETING OF HIGH COUNCIL.

Conference Occurs May 1, at Which
Those Selected Will be Voted
Upon by the Saints.

An important meeting of the presiding and High Council of the newly organized Pioneer stake, was held Wednesday night in the hall of the Seventh ward basement, president William McQuinn, and counselors Sylvester Q. Lachman and Charles H. Hyde presiding. At the meeting, Elder George A. Smith of the Apostles, and Elders Charles W. Penrose and Joseph E. Taylor, who took active part in the business of the meeting during the evening.

The session was principally for the purpose of submitting to the High Council the names of those selected to fill positions in the different auxiliary organizations and all were unanimously approved, subject, however, to the action of the conference, which will be held in Salt Lake Assembly Hall on Sunday, May 1. Elder C. H. Carls, who was sustained as clerk of the stake, reported the names of those selected to fill positions in the different auxiliary organizations as follows: As counselors to President David McQuinn, Elder Charles W. Penrose, Elder George A. Smith, second counselor; Elder Charles W. Penrose, first counselor; Elder George A. Smith, second counselor; Elder Charles W. Penrose, first counselor; Elder George A. Smith, second counselor.

AN ENJOYABLE OCCASION

Mr. and Mrs. Lewis Entertain in Honor
Of Eastern States Missionaries.

A very enjoyable time was spent at the home of Mr. and Mrs. W. Lewis, 74 West North Temple street on Tuesday evening where a crowd of over 50 Eastern States missionaries and their fair companions made merry, sang and talking over their experiences together in the mission field. Sister Lewis served a delicious repast early in the evening, and the remainder of the time was devoted to an informal program of miscellaneous selections.

President John G. McQuinn of the Eastern States mission acted as master of ceremonies and gave a toast which delighted the hearts of all the fair sex, the subject being "Our Girls." Following this very pleasing theme he directed his remarks to the Elders, and in a few well chosen words, exhorted them to diligence and honesty of purpose, telling them that their missions had only just begun, and that their work in the cause of truth should grow and develop continually. "Let your past always be a reflection of credit to your future lives," he concluded.

Miss Josie Morris recited in her inimitable style and was recalled several times. Miss Ruth Wilson sang several beautiful soprano solos. Her voice has lost none of its music since she left New York but has increased wonderfully.

Misses Ella and Mary Harmon also delighted all present with their humorous recitations in prose and verse.

The principal feature of the evening was the male chorus which every Elder participated in, led by that whole-hearted choir leader from Forest Dale, Elder N. S. Timpson. Many of the old-time soul-inspiring songs of Zion were sung, and all seemed to enjoy the spirit of the occasion. Old-time associations were recalled and new friendships made with those who had lately returned from the East. The sentiment of all present was the welfare and advancement of the cause of truth in the world and particularly that part of the world where they had labored.

Those present were: President John G. McQuinn, Bishop D. B. Brinton and wife, Elder N. S. Timpson and wife, Elder E. F. Rose and wife, Elder Barlow and wife, Elder W. J. Lewis, wife and Elder Willard Charles Weed and wife, Mrs. Squares and Sons, Misses Ruth Wilson, Josie Morris, Milla Williams, Harmon, Treasa Neal, Emma Jeremy, Alice Cannon, Maude Rudy, Miss George Goff, N. H. Stanford, William Marley, Edward Nichols, Walter J. J. O. Clark, William Van Wagoner, George Van Wagoner, P. P. Black, H. C. Stevens and William N. Lewis.

WEATHER IN MARCH.

Climate and Crop Bulletin Reports
General Excessive Precipitation.

The climate and crop bulletin of the weather bureau for March, has the following to say of the precipitation: The month was marked by excessive heavy precipitation in the Pacific coast and northern Rocky Mountain districts and in the central valleys and over the greater part of the lake region. On the Pacific coast northward of San Francisco the total monthly precipitation ranged from 6 to 19 inches, being greater in the northern California coast; in the central valleys from 4 to 11 inches; in the Ohio and central Mississippi in the Atlantic coast and Gulf districts, the middle and southern Rocky Mountain slope and the southern Rocky Mountain region the month was drier than usual, a considerable area, embracing

The best disinfectant of all is sunlight. It destroys by its very brightness all sorts of germs and at the same time helps the growth of plants and animal life. Doubtless all have noticed that mould grows during the night and in dark, damp cellars. Bright sunlight quickly destroys germs, mould or other organisms. That is why it is best to let the sunlight into your houses for its purifying influence.

At the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. Pierce, chief consulting surgeon, started experiments, some three years ago, with the Finest light in conjunction with the X-ray in the treatment of diseases. He got excellent results therefrom, and was among the first to adapt this remarkable cure to many cases which it was formerly supposed must of necessity be treated by the knife.

Not only is Dr. R. V. Pierce notable for his surgical achievements at his hospital in Buffalo, but nearly a third of a century ago he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It maintains the patient's nutrition by enabling him to eat, retain, digest, and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion, and in this way, night-sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria. It builds up the tissues and puts on healthy flesh.

Those desiring to know something about the body in health and disease, also medicine and surgery, without technicalities, should read the "Common Sense Medical Adviser," which can be had for 31 cents in one-cent stamps for the cloth-bound book. Address Dr. R. V. Pierce, Buffalo, N. Y.

western Texas and portions of Kansas and New Mexico, receiving no appreciable amount, while the deficiency over a large part of the Gulf and Atlantic coast districts ranged from 1 to 4 inches.

At the close of the month the country east of the Rocky Mountains was practically free from snow, excepting portions of the Adirondack region and the upper Michigan Peninsula.

POSTMASTERS' SOCIETY.

Names of Those Who Signed the Association's Membership Roll.

The meeting of postmasters resulted yesterday afternoon in the completion of the state association. The liveliest interest was shown throughout, several of the members making speeches on subjects connected with the postal system. A. L. Thomas of Salt Lake talked for some time on the rural delivery service, and resolutions were adopted asking Utah's representatives in Congress to aid in increasing the rural delivery territory and the salaries of the carriers, as well as an appropriation for clerk hire in third and fourth class postoffices.

A vote of thanks was given the Utah County Postmasters' association for having originated the idea of a state union.

The complete membership in the afternoon was as follows: Oliver L. Wilcox, Garland, E. R. Bath, Nephi; R. Adams, Layton; Thomas L. McCarty, Ogden; Richard V. Noble, Cheyenne; W. W. Barker, Jr., Cache Junction; George S. Dean, North Ogden; James P. Driscoll, Eureka; P. C. Christensen, Moroni; John A. Hatch, Woods Cross; Frank L. Chase, Centerville; David C. Law, Hooper; H. M. Douglass, Springville; Lucy A. Clark, Farmington; Mary Griffith, Smithfield; Thomas A. Thorley, Cedar City; Virgil Kelly, Deseret; J. H. Johnson, Oquirrh; Lucy R. Parsons, Salt Lake; L. O. Lawrence, Spanish Fork; George M. Miller, Huntington; Bertha L. Woulthall, Fort Duchesne; Arthur L. Thomas, Salt Lake; James Grove, Provo; S. W. Ross, Lehi; F. J. Slough, Hinkley; Heber L. Waite, Charleston; George T. Smith, Garrison; Charles H. Roberts, Bingham Canyon; Thomas Braby, Mt. Pleasant; B. P. Boethe, Brigham City; R. W. Watt, Mercur; N. B. Snapp, Oakley; Nellie M. Theron, Park City; Thomas H. Davis, Ogden; Lucy Fryer, Deweyville; E. W. Goss, Robinson; James D. Thorne, Pleasant Grove; Joseph Odell, Logan; J. Peters, American Fork; S. J. Robson, West Jordan; L. J. Higbee, Taylorsville.

LICENSES GRANTED.

Names of Those Who Passed State Board of Medical Examiners.

The state board of medical examiners has granted licenses to practice to the following persons:

For Medicine and Surgery—Philip H. Stephens, Juab county; Heide Lynch, Salt Lake City; Francis Richards, Lake City; A. H. Cantrill, Cache county; William H. Rothwell, Bingham canyon; J. O. Pitt, Salt Lake City; J. F. McGregor, Iron county.

To practice obstetrics—Catherine A. Knowlton, Farmington; Maud Baggett, city; Emma Cackell, Wood's Cross; Mattie C. Glauque, city; Malvina Prows, Kanab; Sadie Longstroll, Cache county; Martha M. Scadden, city; Nora Sorensen, city; Lorina Rouchie, city; Hedwig Stromberg, city; Dorothy McKenna, city; Lois Jordan, Cardston, Canada; Gertrude Tobiasson, city.

SUMMER INSTITUTE.

That at the University of Utah Will Be Well Attended.

The teachers of Salt Lake county have decided, by unanimous vote, to attend the Normal Summer Institute at the University. The institute will open June 6 and will continue for a period of two weeks. The work is under the direction of Prof. William M. Stewart and the aim of the school will be to present in the most tangible form the everyday work of the common schools in all their grades. Brief talks

on practical school subjects will be given by school superintendents and other eminent educators and special lecturers. Dr. George E. Vincent of the Chautauque institute will deliver a series of lectures on sociology and education. Dr. Vincent is a powerful speaker, and his lectures will doubtless be productive of great good. Miss Alice P. Norton of the department of home economics of the University of Chicago will deliver a series of lectures on "Educational Work of the Home and the School."

All the departments of the training school will be in session and the teachers will be given an opportunity to observe the methods used by the critic teachers in giving their model lessons. In these classes all the subjects taught in the common schools will be reviewed and the various methods of teaching them will then be discussed in the methods class.

The faculty of the institute will be as follows: Joseph T. Kingsbury, president of the University of Utah; Dr. George E. Vincent, dean of Chautauque university; Alice P. Norton, University of Chicago; William M. Stewart, principal of the normal school; J. E. McKnight, director of the state training school; John S. Welsh, principal of the Chicago training school; May E. May, director of the kindergarten; Ann Youngberg, supervisor of geography and history.

In addition to the above named the regular corps of critic teachers will be on hand. It is also probable that a number of other professors, with whom Prof. Stewart is now in correspondence, may be secured. Among these is Miss Jessie Lee Newlin, who is regarded by many as the best teacher of reading in America.

Information regarding all matters can be had by inquiry from J. Fred Anderson, the secretary of the institute and faculty. In order to save time and expense, the management of the school will have a regular lunch prepared, which will be served at the university to the teachers at cost.

Solatic Rheumatism Cured
"I have been subject to solatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

UTAH AND WORLD'S FAIR.
Commission Meets and Makes Several Appropriations and Appointments.

The meeting of the Louisiana Purchase Exposition commission for Utah, held yesterday, was attended by every member of the commission, for the first time since its creation. Advantage was taken of a full attendance and a large amount of important business was transacted. The sum of \$4,000, or as much thereof as was necessary, was appropriated for the state board of education to be used on the educational exhibit. The action of the board in appointing Prof. Horace Cummings as director of the educational exhibit was approved by the commission. A plan for the exhibit was received from Director General Whitaker.

The following employees for the fair were appointed by the commission at the salaries stated: Thomas Judd, St. George, \$75 per month; Miss Alice Crismon, Salt Lake, stenographer, \$75; Miss Inez Thomas, Ogden, attendant, \$70; John Burns, Ogden, Salt Lake, porter, \$65. These employees must report to Director General Whitaker at St. Louis on April 15. Other employees will be named by the commission in a few days.

THEY WILL BE IGNORED.
Irrigation Committee Will Go Ahead Regardless of South Jordanites.

The general committee of the Jordan river and Utah lake improvements met yesterday afternoon, in President Angus M. Cannon's office. Among those present were Chairman E. F. Holmes, State Engineer A. F. Doremus, President A.

PACKING HOUSE FOR SALT LAKE.

This Decision Was the Outcome
Of the Livestock Meeting
Yesterday.

HOTSHOT FOR THE MEAT TRUST!

Chairman White Makes a Speech,
Wherein He Arouses Great Enthusiasm Among the Delegates.

An outcome of yesterday afternoon's session of the livestock meeting was a proposition to start a packing house in this city; and the belief was expressed that it would be consummated within a year. The scheme was approved by all of the stockmen and it would prove a benefit to both growers and consumers in avoiding the actions of the big eastern packing interests. Chairman White declared that the stockmen must do something to protect their interests or go out of business. He said the establishment here of a packing house would save freight rates and risks on live stock shipments to the river, as well as return freights on the finished products. The big packers and the trust lower the prices of stock in the west and raise the prices of finished products in the east. Mr. White then declared: "That a meat trust exists cannot be denied, regardless of the denials of the packers that any combination exists by which the prices of live stock on the hoof are being controlled and increased or decreased at will regardless of the law of supply and demand. Will the packers explain why the consumers are paying just as high prices for their meats as when prices on the hoof were 2 cents per pound greater than now? I contend that a great monopoly exists, that its tentacles are forever reaching out, grasping and squeezing the life blood out of its victims; it has assailed the live stock industry in all of its branches. It moves the prices up and down, to suit its own rapacity, and has no greater regard for the producer than for the consumer. A fifth evil can be added to the four which Solomon said could not be satisfied—the meat trust."

Mr. White's remarks were enthusiastically received. The following delegates were chosen to the Western Live Stock association which meets at Denver, May 3 next: Frank J. Hagenbarth, president of the National Livestock association; John H. White, president of the Utah Cattlemen's association; Jesse J. Smith, president of the Utah Wool Growers' association, and M. K. Parsons.

The meeting adjourned subject to call.
